This month's No-Violation winner is James Miller. Please stop into the office to pick your prize. Thank you James and Jeff for the clean inspections!

**Do you log out when you get home?** You should. If you don't and somebody moves your truck, it could mess up your break. Also, logging out gives the App a chance to update itself, and that is when they fix things. When you change to "Off Duty" the App asks if you want to log out. The other way to log out is to click on the box with an arrow in it circled above.

## CSA Score (last month)

## All About Me.....

Pam O'Neal has been with Bradley's since August of 2017 at the Abilene Ks office as a dispatcher. In her free time, Pam enjoys spending time with her husband, kids and grandkids. When she retires, she would love to buy a new camper and travel. Her best vacation ever was when she went to Cancun. They went with their youngest son for the senior trip with several other kids and their parents. They enjoyed hanging at the beach by the ocean and experiencing the nearby shops. She loves watching K-State football. She grew up on a farm south of Abilene just down the road where she lives now. She believes one important skill every person should have is "Listening". She was the youngest of 5 and said they would have a lot of water fights that were instigated by her Mom. She worked at Solomon Corp for 18 years and likes DBTI because she feels her opinion and suggestions matter. Taking the whole family on a cruise is on her bucket list. Her friends would describe her as no-nonsense, down to earth person. The past year she has learned definitely don't take your health and loved ones for granted! Her dad used to say "no sense in getting mad and in a hurry, it's not going to change anything". Her dad also told her that they named her Pam which stands for: Probably A Mistake 😊

Baily Hitchcock, our Payroll Administrator, was the \$100 winner for the 1<sup>st</sup> quarter training. ALL staff are required to complete the quarterly training just like Baily did. And, ALL staff are put in the drawing. Thanks to all who got the training done early and got entered into the drawing. Congratulations Baily!

## Veteran Tips

When in the city, keep your axles all the way forward, it gives you more room to not hit light poles, curbs, fire hydrants, etc. But, when sucked up, watch out for trailer overhang, tail swing. Don't make a move until you know your surroundings, especially watch your turns. Take your time and be patient. It's easier to slow down and let traffic go around you. -Vernon Heald (Marshall #136)

Make sure your pins get back in place after sliding your axles. – Chris Mitchell (Jackson #010)

When you see somebody struggling, get out and help.... Don't just take a video. – Colette Bogart (Salina #25)
