The HEAT is ON!

It seems to be hot EVERYWHERE! When it is hot it is important to take care of yourself and your equipment. Make sure you are staying in the air conditioning when possible and drink plenty of fluids. When it comes to your equipment, in this kind of heat trucks are going to run about 10° warmer and you will see oil leaks in places that you haven't seen before. However, the MOST IMPORTANT THING to check often is your tires. Heat is hard on tires!

Tanker Endorsement

Did you know that if you haul a load with totes for liquid that contain more than 119 gallons AND your full load is more than 1,000 gallons you MUST have a tanker endorsement. A tanker endorsement is fairly easy and inexpensive to get. If you don't have yours yet and would like to know more, please stop in and visit with John or Marcus.

Violation Inspections

NONE

No Violation Winner

This month's no-violation winner is Gary Koehn. Please stop into the office to pick your prize. Thank you for all 4 clean inspections.

All About Me.....

Jeremy Baze is an Owner Operator out of Marshall. Before coming to Bradley's, he did roofing and building hot rods. His favorite place to eat is Taco House in Lakewood Colorado. His favorite place to travel is southern Utah or the Colorado mountains. He likes any movie, show or sport that has high octane and engine oil. In his free time, he enjoys building/driving off road vehicles, camping, and racing cars. Jeremy loves the outdoors and his dogs and going anywhere he can take his dogs and his jeep. For a bucket list he would like to go four wheeling in Hurricane, Utah and The Rubicon. When he is not working you will find him under a jeep getting it ready for his next trip to the mountains down the hard trail that beat him and his jeep down on the last trip. He only has 3 states to go and he will have all 50 states visited; Maine, Hawaii and Alaska. His favorite childhood memory is riding cross county with dad in his Peterbilt. He says everyone should have patience, it's the key in our crazy world. Best advice he got was if you are doing something give it everything you have or don't do it at all. He also learned to stop waiting and just make things happen. Thanks for all you do Jeremy!

Who Likes Trailer Problems?

My guess is NOBODY! However we are finding that some drivers regularly drop trailers at shippers without even looking the trailer over. Keep in mind... if you drop a trailer without checking it over, it may be the same trailer that you pick up next time and that could cost you time from getting out of town with a load when there are problems. Please do your part and look your trailer over before you drop it. Thanks.

\$250

Did you know you get a \$250 bonus for referring a driver or mechanic to DBTI? If you enjoy your job and the people that you work with, spread the word.
