Welcome Great Plains!

*(Above) The view at the Salina Shop is looking a lot different with all the deer guards,
headache racks and stripes on trucks. But it is a GOOD LOOK!*

*(Below) It has been all hands on deck to get all the drivers on-boarded and all the trucks
outfitted.*

The Day is finally here. The move from Great Plains Trucking to Doug Bradley Trucking is official. For many on the DBTI side, there has been a tremendous amount of work put in to bringing the many new faces and pieces of equipment in. Special thanks to:

Allie Weems for being the lead contact and main communicator with all the drivers. John Guerrero for training and making sure all the drivers got the MANY things done they needed to. Gary Zink for giving John a hand these last couple of weeks. Steven Pamplin for organizing the help and equipment. All the GPT staff who helped us communicate and organize the transition, especially Brett Weis, Judy Weis, Matt Griffiths, Dalton Radiel, Paula Singleton and Brent Weems. All the drivers and staff who have put in much time and effort to get their training done. And finally, a very special thank you needs to go out to Noah Bradley who was the main charge leading all things along the way.

Following is the list of the many wonderful people we are joining the DBTI family.

The HEAT is ON!

It seems to be hot EVERYWHERE! When it is hot it is important to take care of yourself and your equipment. Make sure you are staying in the air conditioning when possible and drink plenty of fluids. When it comes to your equipment, in this kind of heat trucks are going to run about 10° warmer and you will see oil leaks in places that you haven't seen before. However, the MOST IMPORTANT THING to check often is your tires. Heat is hard on tires!

All About Me.....

This month, our All About Me is David Seaman who has been a valued member of the DBTI team since September 2025. Originally born about 90 miles east of Bombay (Mumbai), India, David brings years of professional driving experience to our team. Before joining DBTI, he spent five years driving over-the-road for Melton Truck Lines and has traveled through 49 of the 50 states. These days, his trusted shotgun partner, Willie, is always along for the ride.

When he's off the road, David enjoys walking his dog, riding his motorcycles, and playing volleyball. One of the biggest items on his bucket list is traveling to the Southern Hemisphere, with Australia and South America at the top of his list.

When asked what he enjoys most about working at DBTI, David says it's the company's commitment to **safety and integrity**, along with the fact that everyone knows him by name. That sense of teamwork and family is what makes DBTI feel like home.

David's team-first attitude, dedication, and commitment to the DBTI family make him an outstanding member of our team.

Thank you, David, for your hard work and dedication. We appreciate everything you do!
